

## NESTABLE PLASTIC PALLETS

Export shipments efficiently with Item Numbers 344-4-40482 and 344-4-40481. Both are lightweight and economical for one-way distribution or limited palletizing. Tough, twin-sheet thermoformed shell makes attractive in-store displays. Item Number 344-4-40484 is heavy-duty and has patented surface rib design to increase stiffness. Fully nestable pallet is supported by nine, no-bind oval legs and patented deck edge to deflect forks and facilitate handling.

### SHIPPING RATES

**SG** – Standard ground shipping is needed for packages with a cubic size of less than 5,184 cubic inches (See below for cubic size calculation).

**DW** – Dimensional weight shipping is needed for packages with a cubic size of 5,184 cubic inches or greater. Calculate cubic size by measuring package length, width, and height in inches, rounding each to the nearest whole inch. Then multiply package length by width by height to determine cubic size.

**Truck** – Truck only shipping is needed for packages of less than 150 lbs. with a combined length and girth over 165".
