UTILITY CART WITH ELECTRICAL OUTLETS

Includes three UL/CSA built-in outlets, handy cord wrap, and 15' of cord. Adjustable cable management clips secure cords when transporting audio/visual, office, and medical equipment. Plastic construction won't rust, crack, chip, warp, or scuff walls. Quiet-rolling, locking 4" casters and three non-skid, 24" x 18" shelves. Some assembly required.

				Lbs. Each
850-1-01B	24" x 18" x 34"	200 lbs.	\$171.95	28.0 lbs.

HOME AND OFFICE CART

Three-in-one! Lock the ergonomic handle in an upright position to push loads. Angle it to pull loads and fold it flat to use as a platform dolly. Mark-resistant casters support a non-skid structural foam deck that won't rust, dent, or bend. Cutout in platform secures handle and provides comfortable carrying grip.

FOLDING HANDLE PLATFORM TRUCKS

Folds down for "out of the way" storage. Sturdy, roll-away truck features enamel-coated steel construction, locking handle, large deck with longwearing non-skid vinyl surface and industrial-strength casters with smooth rolling rubber wheels. Step down on steel release bar to collapse handle and store. Includes two swivel casters and two fixed position casters. Vinyl perimeter bumper won't mar walls or doors.

NO "HANDLING" FEES AT ASSOCIATED BAG!

We don't charge handling fees because frankly, handling is our job! It's a value we add to the packaging products and shipping supplies you purchase. We don't bury handling fees in our prices, and we don't sneak them into your shipping charges. Instead, our commitment is to shipping your order the very same day and delivering it to you at the lowest possible cost.

SHIPPING RATES

SG - Standard ground shipping is needed for packages with a cubic size of less than 5,184 cubic inches (See below for cubic size calculation).

DW - Dimensional weight shipping is needed for packages with a cubic size of 5,184 cubic inches or greater. Calculate cubic size by measuring package length, width, and height in inches, rounding each to the nearest whole inch. Then multiply package length by width by height to determine cubic size.

Truck - Truck only shipping is needed for packages of less than 150 lbs. with a combined length and girth over 165".
