## SHRINK PACKAGING SYSTEM WITH PVC CENTERFOLD FILM

Everything you need to create professionally packaged products. Simply insert item between film folds, lower bar to cut and seal, and use heat gun to shrink. System includes heat sealer bar/film dispenser, two-speed heat gun, and a 22" x 100' roll of PVC centerfold shrink film. Bar sealer's safety-heating element only functions when bar is lowered; uses standard 110/220v outlet. Plug gun into main unit. Includes two year manufacturer's warranty. Call for details about heat sealer service kit.

**PORTABLE SHRINKFAST GUN**

Handheld, propane-powered heat gun tightly shrinks giant poly bags or film around a wrapped pallet in less than two minutes. Completely portable, weighs less than 4 lbs., and requires minimal training and set-up time. Includes hose and regulator valve which easily attach to a propane tank (not included). No electrical connection required. Safety trigger prevents accidental discharge, and safety check valve limits gas leakage if damaged. Unit automatically shuts off when set down or dropped. Call for details about 15-day free trial.

**SHIPPING RATES**

**SG** - Standard ground shipping is needed for packages with a cubic size of less than 5,184 cubic inches (See below for cubic size calculation).

**DW** - Dimensional weight shipping is needed for packages with a cubic size of 5,184 cubic inches or greater. Calculate cubic size by measuring package length, width, and height in inches, rounding each to the nearest whole inch. Then multiply package length by width by height to determine cubic size.

**Truck** - Truck only shipping is needed for packages of less than 150 lbs. with a combined length and girth over 165".

**MARINE/INDUSTRIAL UVI SHRINK FILM**

Opaque film with UVI additive protects pallet loads from the sun for up to nine months. Waterproof film resists punctures and tears. Protects boats and industrial equipment. Use with our portable shrinkfast heat gun (below left).
