INK STAMPERS

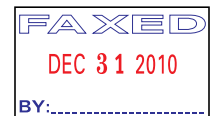

Rubber stamp re-inks after each use. Xstamper® ink can stamp
100,000 times before needing replacement and has wide plastic
body and cover. Standard line daters show month, day, and year,
are available with a metal or plastic frame, and are black ink only.
Heavy-duty daters with message have a metal frame and plastic handle
for durability, and print the date in red with the message in blue.
